被套

The 17th annual **Fall Festival Quilt Camp** is just around the corner which means it's time to get ready for FIVE great days of quilting, visiting with good friends, relaxing, and learning/tasting new things with an Asian flair. **Tecumseh Quilt Camp Chinese Take Out** : Egg Rolls, Spring Rolls, Wontons, Egg Drop Soup, Beef with Broccoli, Chow Mein, Fried Rice, General Tsao's Chicken, Moo Goo Gai Pan, Sweet and Sour Pork ...always the best ingredients cooked to order. Maybe you might be more interested in the *tasty* lineup of quilts that we have selected.

We are thrilled to announce that Meg Forster and Nancy Jacoby are flinging open the doors to creativity in the kitchen as they present chop sticks and stir fry, fabric style. Nancy J's Fabrics from Wabash, Indiana will be our in-house quilt shop. Nancy always gets a standing ovation for her quality fabrics, patterns, books, and gadgets. Anita Revelle and Linda Hutchins are once again joining us to teach a mystery quilt! Vicki Miles is ready to share a beautiful paper piecing project with us as well. Whether you are new to quilting or a seasoned pro, you will have fun working on any of the projects that have been chosen.

Camp will officially begin Monday morning and we will finish with Show & Tell on Friday right before lunch. If you would like to arrive Sunday afternoon, September 7th as an early bird camper, please note that on the registration form. We will send you a complete list of fabric requirements, quilting supplies, and personal items needed when we receive your registration.

We are excited to announce our 11th **Annual Quilt Camp Book Club**. Sue Monk Kidd has written a wonderful novel, **The Invention of Wings**, inspired by the historical figure of Sarah Grimke. The story takes place in early nineteenth century Charleston and is filled with hope, daring, the quest for freedom, and the desire to have a voice in the "world of men and slave owners". On Sarah Grimke's eleventh birthday she is given ownership of ten year old Hetty "Handful" who is to be her handmaid. We don't want to give away too much of the story... but know you will truly enjoy the 35 year journey of some amazing American women including Sarah, her sister Angelina, Handful, and her mother Charlotte. Most libraries should have a copy of the book.

Look at the project list, pick out your favorites (you can easily take part in one or all of the classes), gather your fabric, and then pack your bags for camp. Color photos will be on the camp website at www.camp Tecumseh.org.

Fat Quarter Stir Fry (by Judy Reynolds of Black Cat Creations) Do you have lots of beautiful, treasured fat quarter prints that you don't know what to do with, but can't bear to part with? You might want to pop them in a wok at camp and let them sizzle! Here is a fast, fresh and delicious recipe that will wow everyone at the table! This easy to make quilt is a great stash buster! Batiks, Kaffe Fassett, Aunt Grace, Amy Butler, or a grouping from your newest favorite line would make a beautiful quilt. It is fun to see how the blocks come together. It almost looks like an hourglass block with a little belt. The finished quilt measures 75" X 96".

Chopsticks (by Jaybird Quilts) Do you love Asian foods, and want the full experience by eating it as it was meant to be eaten with chopsticks? Do others make it look so easy, but when you try it, you end up using a fork? Does it really taste better when you use chop sticks? Practice makes perfect whether you are using them with a chicken and broccoli stir fry or a beautiful collection of fabric! The combination of large and small triangles makes a yummy, gorgeous design. There are four different sizes included (baby, lap, twin, and king) with this pattern. A 12" Creative Grids 60 degree triangle ruler is recommended. You could use template plastic instead.

Zen (Blue Underground) A simple to sew, serene quilt that just sparkles with a delightful medley of colors. It was inspired by Japanese screen designs, and uses 16 fat quarters. Amy Walsh used batiks but the pattern lends itself well to any type of fabric. The finished size is 58" X 70".

Paper Piecing Project Vicki Miles learned a strip paper piecing technique in a class several years ago and will be demonstrating it at this camp. If you have always hated or avoided paper piecing, give this method a chance. Pick one or more of the blocks pictured and email Vicki at vickimiles@gmail.com with the block numbers you want to try. She'll bring the paper piecing patterns for those blocks to camp for you and email you with the fabric requirements ahead of time. Your cost will be just \$1.00 for an instruction sheet with a picture tutorial plus .20 for each block copy you want to work on. **You will pay Vicki at camp.**

Mystery Quilt Do You Want to Know a Secret? Anita & Linda have patched together the next colorful installment in the Tecumseh Mystery Quilt Series! Details? We can't give those away! The finished quilt should be 47 1/2" x 70". Sign up on the registration form and we will send you the fabric requirements and pre-camp cutting instructions for the project.
