Will the program goals and desired outcomes be discussed with the group prior to the program? Is there an on-going program working to enhance these goals? What lead up activities will you be doing with the group?

How and where will the knowledge/skills/experience/attitudes acquired be put into practice? Are there special projects or tasks that will use these new skills? What follow-up activities will you be doing with the group?

How will you know if the goals were achieved?

How will the sponsors, coaches, teachers participate in this program? Will they help frame the purpose/intro? Be a full participant? Will they participate in the debrief?
